ENTERPRISE WORKSPACE PROPOSAL

PROP-EN-2025-0412

Envelark Webmail Infrastructure & Tenant Deployment

PREPARED FOR:
Riverside Development Group (Attn: Marcus Vance)

ISSUED BY:
Sarah Chen, Principal Systems Architect -- Envelark Technologies

EFFECTIVE DATE:
April 12, 2025

Comprehensive Scope of Deliverables, Deliverability Guarantees, and Investment Schedule

1. Executive Summary & Objective

Envelark has been engaged to provide private, dedicated webmail infrastructure, tenant workspaces, and embeddable communication pipelines for Riverside Development Group's Q2 operations. This proposal formalizes technical scope, deliverability SLAs, cryptographic archiving, and commercial pricing.

2. Architectural Scope & Deliverables

- Dedicated Inbound/Outbound Mailbox Clusters with automated SPF, DKIM, and DMARC enforcement.
- Custom Domain Provisioning and secure webmail frame embedding across client-facing portals.
- Cryptographically fingerprinted document storage with SHA-256 verification and Elept integration.
